

We invite you to take part in an online survey to better understand your role as a care partner/caregiver in supporting an individual with neuroendocrine carcinoma. We want to learn more about the challenges you encounter while providing care and the areas where care and support can be improved.

**If you are interested, please click on the link or scan the QR code below to enter your email address:** <https://s-hab.medefield.com/wix/p294869318978.aspx>

We'll send you a short questionnaire to confirm your eligibility, along with an informed consent form that explains the study in more detail.

If you qualify and choose to participate, you will be directed to the full survey. Upon completing the survey, you will receive an honorarium as a thank-you for your time and contribution.

Please note: The survey will come from **Paradigm Sample** ([invite@decipherinc.com](mailto:invite@decipherinc.com)) within 2-3 days. Please keep an eye on your inbox and check your spam or junk folder just in case.

Your email will be used solely for the purpose of sending the survey invitation and will be deleted after the study concludes. Your information will be kept strictly confidential.

Thank you for considering taking part in this important study.
